PROFESSIONAL SUMMARY

Automation engineer with 4+ years designing, implementing, and maintaining n8n workflow automations for SaaS and service-based businesses — complemented by Zapier, Make, and Airtable. Deep third-party integration experience: CRMs (Salesforce, HubSpot, Zoho), databases, and marketing/business applications connected through REST APIs, webhooks, and custom JavaScript/TypeScript scripts inside workflow code steps. Monitors, troubleshoots, and continuously optimizes live automations, with documentation on every build. Production results: response times down 30–60%, 10–25+ hours saved weekly per client team.

CORE SKILLS

n8n Workflow Design & Implementation · Third-Party Integrations · REST APIs & Webhooks · Custom Scripts (JavaScript / TypeScript) · CRM Integration (Salesforce, HubSpot, Zoho) · Zapier · Make · Airtable · Claude AI · Monitoring & Troubleshooting · Workflow Documentation

PROFESSIONAL EXPERIENCE

Automation Specialist — Manny Hall and Associate | Remote | January 2025 – Present

- Designed, implemented, and maintained n8n and Zapier workflow automations replacing manual sales, support, and administrative operations for SaaS and service-based SMB clients.
- Integrated third-party systems — CRMs (Salesforce, HubSpot, Zoho), Airtable databases, and business applications — through REST APIs and webhook workflows with data mapping and synchronization.
- Automated lead capture, routing, and qualification pipelines — **cutting response times 30–60%**.
- Automated recurring document generation and reporting — **saving client teams 10–25+ hours weekly** with fewer processing errors.
- Monitored and troubleshoot live integrations: error analysis, debugging, data validation, and continuous workflow optimization; documented workflow logic and configurations for every handoff.

Executive Management Assistant (Automation-Focused) — Manny Hall and Associate | Remote | June 2023 – December 2024

- Automated manual executive and operational workflows with Airtable, Zapier, and AI-assisted processes across distributed teams.

- Built automated task orchestration, communication workflows, and reporting dashboards — **reducing follow-up overhead 40%**.

PROJECTS

AI Lead Qualification Agent — n8n, Claude AI, Airtable

n8n-orchestrated agent scoring, routing, and syncing leads to the CRM via REST APIs and webhooks — grounded in structured business data.

Internal Operations Dashboard — Airtable, Zapier, n8n

Automated reporting and document generation with workflow triggers, validation, and notifications.

AI-Assisted Workflow Automation System — multi-tool integration

AI agents automating repetitive tasks across multiple third-party tools and APIs.
