PROFESSIONAL SUMMARY

Workflow automation developer with **4+ years** of hands-on n8n, Zapier, and Make experience building API integrations, webhook workflows, and multi-system data synchronization for SaaS and service businesses. Integrates Claude AI into automation pipelines — lead scoring, routing, document processing — with prompt engineering for consistent, machine-readable outputs. Fluent English communicator (TEFL certified) experienced in fully remote, self-managed freelance-style delivery across multiple concurrent projects. Production outcomes: 30–60% faster response pipelines, 10–25+ hours saved weekly per team.

CORE SKILLS

n8n · Workflow Automation · API Integrations · Webhooks · Multi-System Data Synchronization · Claude AI in Automation Pipelines · Prompt Engineering · Zapier · Make · Airtable · JavaScript / TypeScript · Technical Documentation · English (fluent, TEFL certified)

TECHNICAL SKILLS

- **n8n:** workflow design and implementation, webhook triggers, API integrations, JavaScript code steps, error handling and debugging of live workflows
- **Integration:** REST APIs, authentication, data mapping, transformation & validation, synchronization across CRMs (Salesforce, HubSpot, Zoho), Airtable, and third-party applications
- **AI in Pipelines:** Claude AI / Claude Code integration into automation workflows, AI agents, prompt engineering, data preparation for AI steps
- **Other Platforms:** Zapier, Make, Airtable, Relevance AI
- **Scripting & Data:** JavaScript, TypeScript, database management

PROFESSIONAL EXPERIENCE

Automation Specialist — Manny Hall and Associate | Remote | January 2025 – Present

- Built and maintained n8n and Zapier workflow automations for multiple concurrent SMB client projects — sales, support, and administrative operations.
- Developed API integrations and webhook workflows synchronizing data across CRMs (Salesforce, HubSpot, Zoho), Airtable databases, and third-party applications.
- Integrated Claude AI into automation pipelines for lead scoring and routing — **response times cut 30–60%.**
- Automated recurring document generation and reporting — **10–25+ hours saved weekly per client team.**
- Debugged and optimized live workflows (error analysis, data validation) and documented workflow logic and configurations for every delivery.

Executive Management Assistant (Automation-Focused) — Manny Hall and Associate | Remote | June 2023 – December 2024

- Automated executive and operational workflows with Airtable, Zapier, and AI-assisted processes — **reducing follow-up overhead 40%** across distributed teams.

PROJECTS

AI Lead Qualification Workflow — n8n, Claude AI, Airtable

n8n-orchestrated pipeline feeding structured CRM/Airtable data into Claude for scoring, with automated routing and CRM sync via REST APIs and webhooks.

Internal Operations Dashboard — Airtable, Zapier, n8n

Automated reporting and document generation with triggers, validation, and notifications.

AI-Assisted Workflow Automation System — multi-tool integration

AI-assisted workflows automating repetitive tasks across multiple third-party APIs.
